

AMATEUR SWIMMING ASSOCIATION OF JAMAICA

MEMORANDUM

TO: ALL PARENTS/NATIONAL SQUAD SWIMMERS

FROM: Dr. Brian James - Vice President - Swimming

SUBJECT: Physical Assessment of National Squad Swimmers

DATE: December 3, 2008

This is to advise that Physical Assessment of **ALL** Members of the National Development, Junior and Senior Squads has been arranged and will be carried out at the University Hospital of the West Indies (UHWI), Mona, Kingston 7 on **Saturday December 6, 2008 commencing at 9.00 a.m.**

A medical Team comprising Four (4) Doctors has kindly agreed to assist with the screening of the swimmers and in an effort to ensure that the activities for the day are managed effectively we would like to have a Roster prepared detailing the time schedule for each of the swimmers. To this end, could you kindly contact the ASAJ Office to collect a Health Questionnaire as well as to advise what time you will be available on Saturday morning for your assessment to be done?

We anticipate your usual kind cooperation with us in this matter which is of utmost interest to the development of local swimming.

.....
Dr. Brian James
Vice President - Swimming
