***Run down events – The objective of this event is to create an exciting finish by delaying the start of the faster swimmers so that all swimmers finish the race at the same time.**

In each heat, the swimmer with the slowest seed time will be placed in lane 1, the next slowest in lane 2, the third slowest in lane 3 etc. Prior to the event, a meet official will calculate the difference between the seed time of the swimmers in lanes 2 to 8 and that of the swimmer in lane 1. At the starters signal, the swimmer in lane 1 will dive in. A meet official use a stop watch to time the difference in seed time. When that time has elapsed, a meet official will signal to each swimmer to start.
